Cintas Document Management is the industry leader in providing confidential information management and secure document destruction services. Cintas Document Management offers document life-cycle solutions for all your hard-copy records and computer media back-up, from point of creation to its eventual destruction. Cintas Document Management can help organizations of all sizes save time and money by providing a more efficient way to access, retrieve and share information while at the same time reducing the risks associated with identity theft, legal and regulatory compliance. As a leader in the document management industry, Cintas proudly offers:

- Scan-on-Demand
- Digital Imaging
- File and Records Indexing
- Web Hosting and Web Accessible Inventory
- Records and Electronic Content Management
- Hard Copy Storage
- Media Storage and Vaulting
- Document Destruction
